

TURTLE LAKE GOLF COLONY CONDOMINIUM ASSOCIATION, INC.

HURRICANE SHUTTER SPECIFICATIONS

1. Shutters are to be the roll-up or accordion horizontal type.
2. Slats are to be aluminum.
3. Kevlar Screens are allowed as long as they are white.
4. All materials, except screws, nuts, bolts, etc. are to be white.
5. All screws, nuts, bolts and anchors to be aluminum or stainless steel.
6. Lanai shutters require inside installation existing screen enclosures.
7. Shutter installation to comply in accord with Florida State Building Codes (8th Edition or higher). A permit is required as per Collier County Permitting Department. The office of Turtle Lake Golf Colony requires a copy of the permit before installation.
8. Shutters are to be as those manufactured by Rolsafe, Roll Secure or approved equal.
9. Externally installed shutter hood design to be five (5) sided and to have cast aluminum end caps with .032” or aluminum brake metal covers.
10. All requests for shutter installations must be made, in writing using a unit alteration form, to the Association’s Board of Directors for approval. Installation is not to begin without written approval from the Association Board of Directors to the unit owner.
11. Drainage (scuffer) holes are to be made on the shutter tracks to promote drainage.
